DNR RANCH

at
RAND CREEK

Howdy! Take some time to learn about us and our Guest Ranch.
COME ON IN!

Welcome to DNR Ranch

With the mighty Rocky Mountains as the backdrop, and where the past is always present, DNR Ranch invites you to come and discover the wonder and amazement that is Wyoming. This is the true west, a place where cowboy culture is still the way of life. The country is rough and rugged,

the people are kind and genuine, and the opportunities for adventure and excitement are endless!

Located in the heart of what Theodore Roosevelt proclaimed "the most scenic 50 miles in America," we are a small family owned and operated guest ranch. Quite frankly, we like it that way! It gives us an opportunity to get to know all our guests on a personal level. We assure you what you are about to discover is not only true, but understated.

Our History

The main lodge at DNR Ranch was built back in 1905 and is presently the oldest home on the Northfork. The ranch was the original halfway stopping point between the town of

Cody and Yellowstone, naturally land marked by the famous "leaning tree" and the "China Wall." Many people, including Buffalo Bill Cody himself, stayed here on their way west!

Cabins

Our eight rustic cabins are all uniquely named and arranged next to one another in a semicircular fashion around our fully stocked trout pond. The cabins vary in size a bit, and are all comfortable, roomy, and tastefully decorated in true Western style. Each cabin is supplied with clean fresh towels, sheets, blankets and handmade quilts. Every cabin also has a private entrance, at least 2 bedrooms and a private bath, as well as its own porch with hand made rocking chairs to enjoy the magnificent view!

Meals

You'll hear the triangle ring at the main lodge every morning where we serve a genuine homemade, family style all-you-can-eat breakfast. We like to say, "if you leave hungry, it's your own fault." We are also home to the ORIGINAL Wednesday and Saturday night BBQ Cook-outs, all-you-can-eat of course! We take pride in serving authentic western cuisine, old-fashioned BBQ Cook-Out's by the pond and dutch oven specialties just like the old west.

Horses

For the cowboy or cowgirl in ya... we have horses available from the beginner to the advanced. See Wyoming the way it was meant to be seen, from a saddle of course! How about riding the high country at 10,000 feet with a stream runnin' through the pines? Enjoy lunch in a high mountain meadow with your trusty horse grazing nearby. You will have an experience etched in your mind forever. DNR Ranch is proud to also offer riding lessons, free training demonstrations and horse boarding for those traveling with their own four legged transportation!

So what do ya say...
